Subject: Windsor Resource Deployment Update
Date: February 14, 2022 10:32:00 AM

Good Day:

Further to 0734hrs update. Attended 0800 briefing at OPP/WPS Incident Command. Briefing identified some 40 arrests yesterday either for mischief or breach of court order. WPS processed all charges. Accused persons released with conditions to ensure public safety (exact details not disclosed).

Active intel monitoring at all LE levels ongoing. Traffic remains open with cross road hardening occurring in the form of concrete barriers pursuant to traffic plans from the POE through to the 401. RCMP members partnered with OPP personnel at manned check points.

Incident command is now involved in active monitoring of situation over the next 48-72 hours with a view towards scaling back and eventual transition back to WPS who are planning for their long term.

I conducted a check point patrol to ensure RCMP members were deployed appropriately. Same confirmed and no issues arose. Effective collaboration underway.

RMs will be providing notes at end of each shift. Further direction to deployed RMs pending around specifics of daily brief, notes, involvement in arrests

WPS also seeking notes from TSG/ERT with regards to any arrests made by our teams for court purposes.

Thanks

Peter
